Introduction

This document provides instructions on downloading the installer for the latest EcoStudy software, and how to install or upgrade the EcoStudy software. The software can be installed on any computer running Windows 7, including the computer provided with your Eco system.

CAUTION

When upgrading to Eco v5.0, install or upgrade EcoStudy v5.0 first. Then update Eco v5.0 in the following order.

1. Eco Real-Time PCR System Software v5.0
2. EcoUpdate v2.1

For more information, see the *Eco Software v5.0 Upgrade Instructions (part # 15045605)*.

NOTE

The computer where you install the EcoStudy software must have the Full version of the .NET Framework 4.0 software installed ***before beginning the EcoStudy installation***

Downloading the EcoStudy Software

1. To download the software, follow the support.illumina.com/real_time_pcr/eco_qpcr/downloads.ilmn link in the email you received from Illumina. The software is also on the Support tab for the Eco Real-Time PCR System on the Illumina website at www.illumina.com/systems/ecoqpcr.ilmn.
2. When you arrive at the landing page where the software installer is located, click the **Eco Software v5.0** link.
3. Click the **EcoStudy Software v5.0** zip file link.
4. Click **Save** to download the software zip file.
5. Save the zip file to your desired location.

TIP
To install the EcoStudy software on a different computer than this one, move the Eco Software v5.0 folders onto a USB drive.

Installing the EcoStudy Software

Before starting your software installation or software upgrade, close all open software applications on the computer.

Steps to Install your EcoStudy Software

1 Right-click the EcoStudy v.5.0 software zip file and select **Extract All**.

2 In the dialog box, select a destination and click **Extract**.

3 Double-click **EcoStudy.msi**.

4 Follow the prompts in the software installation wizard to install the EcoStudy software onto the computer.

5 When the installation is complete, double-click the EcoStudy desktop icon to open the EcoStudy Software.
